"SYSTEM WHICH BREEDS 'IDLE RICH' A MENACE"

Mr. Orem Also Attacks Sale
of Watered Stocks—Wright
Makes Plea for Correction
of the Election Laws.

The Southern Christian Citizenship congress, under the auspices of the Civic League of America, opened last night at the Auditorium in the city.

Mr. Orem, who is a prominent business man of Boston, who in his treatise styled "From Theocracy to Democracy," all but outright stepped into the book of good citizenship.

Owing to his presence at the capital, where he sat late in the matter of the McNaughton pardon arguments, Governor John M. Sloan was unable to preside at the enthusiastic gathering in the hall.

After election Law changes. Senator Wright, of Rome, Ga., closed the evening session with an impassioned appeal for a correction of the election laws.

In introducing Mr. Orem as the principal speaker of the evening, William D. Upshaw declared that he had given the principal orator carte blanche in the matter of subject and time. Mr. Orem lived up to his promise in part he said.

"Greater problems confront the present generation than have confronted any previous generation in the history of the world. Present day questions are broader and more world-wide than former ones. Their consideration must be of broader scope. I believe that modern intelligence is being directed, however, to their successful solution.

"All forms of government have been tried with more or less success. If government administration is in the interests of a few disregarding the rights of the many, government will be bad. No matter what form of government is tending toward democracy, nations are more and more being educated to recognize the rights of the individual. Economic problems and social problems will be solved until governments are administered with the rights of the individual. Human rights should be more sacred than property rights.

Great National Problems. "Great national problems are not conclusively settled by the people. This takes legislation, education and the people are educating and preparing the people for the highest state of society it would be that democracy is the best form of government. It distributes responsibility and the people of all citizens along lines of economic and social reform. The people of all democracy afford the high cost of living resulting from the sale of watered stocks. The legalized liquor traffic and other abuses, they have their own remedy—the sacred right of the veto. If in this country conditions are intolerable, the sacred right of the people to change the government is theirs.

"Now we have to reach the voter and make him realize his responsibility. The most effective way to reach the voter is by the use of the press to their selfish and personal interests. The wage question interests the working man. Laws and conditions which tend to the betterment of the business man. Conditions which widely distribute wealth help build the business man and the general man.

"It is estimated that nine-tenths of the wealth of this country is in the hands of one-tenth of the people. If this is true, I submit that the people of this country are not getting their share of the wealth of this country. The people of this country are not getting their share of the wealth of this country. The people of this country are not getting their share of the wealth of this country.

Wants Intelligent Distribution. "More intelligent distribution of wealth will insure more prosperity and happiness to the people. The people should have what he earns and no more. He is not entitled to any portion of what other men produce except that obtained through honest labor or other equitable means. Labor leaders tell us this is what they have been clamoring for. It is what they are clamoring for. It is what they are clamoring for.

PREACHER'S WHITE SLAVE CHARGE

Accused of Deserting Wife and
Eloping With Woman and
Four Babies.

Rome, Ga., September 19.—(Special.) Wearing a button with the words, "All for Jesus," Rev. William Powell, of Graysville, Tenn., passed through Rome yesterday in charge of clerics. He was being taken back to Graysville to face charges of a statutory offense, and it is expected that prosecution under the Mann white slave act by federal authorities will follow.

Powell, who is a "Holly Roller" preacher, was arrested in Cedarhurst, Ga., where, it is alleged, he had been living for the past month in company with a Mrs. Patterson and her four little children. Powell was taken into custody at the request of an older son of the Patterson family, who stated that the preacher had induced his mother to desert his father, and to take her four children, children and wife, to Graysville with him.

Young Patterson, who is now in custody, stated that the preacher had great influence over his mother, and that she seemed to think whatever he said was right. The young Patterson further stated that Powell had a wife and children of his own, whom he sent away at the close of protracted meetings held in Graysville.

Powell, who had been in Rome for some time, had been preaching at Cedarhurst, but had rented a room in the southeast of the city and was occupying it, it is claimed, with his borrowed family.

RODDENBERRY AT HOME; TILL FROM OVERWORK

Improvement Not Rapid, But
Congressman Hopes to Recover
Before House Convences.

Thomasville, Ga., September 19.—(Special.)—Congressman S. Anderson Roddenberry has been in Rome, Ga., for several weeks. He had a breakdown as a result of continuous strenuous work in Washington and came home to recuperate.

His recovery, however, has not been as rapid as was expected, but his condition today is regarded as quite favorable. He is expected to resume his activities at the opening of the regular session of congress in December.

EX-PRESIDENT SEN TRAVELING "INCOG." NOW IN VANCOUVER

Victoria, B. C., September 19.—Traveling prominently, Wong Kwok Yin, Dr. Sun Yat Sen, former provisional president of the Republic of China, is in the city for several days.

Dr. Sun, who is now in the city, is traveling in disguise. He is said to be on his way to England. He is said to be on his way to England. He is said to be on his way to England.

The impression here is that Dr. Sun does not feel secure in disclosing his identity among his fellow countrymen in British Columbia, who are largely supporters of President Yuan.

NO GENERAL ASSEMBLY
FOR REBBECK BRANCH

Minneapolis, Minn., September 19.—The attempt of the Rebekah branch of the Independent Order of Odd Fellows to establish a general assembly was voted down by the sovereign grand lodge today. Further consideration of the proposed plan was indefinitely postponed. The grand lodge today reversed a committee decision and enacted legislation that the assembly prevent past grand masters from voting. The resolution adopted would have the various state jurisdictions to derive their past grand masters from that privilege. The Illinois delegation led the fight for the resolution and forced its passage.

SULZER'S COUNSEL FOR NEEDY WIDOWS

Associated Charities Will Also
Ask Council to Buy School
Books for Poor Children of
the City.

At a meeting of the board of directors of the Associated Charities at the Anley hotel Friday night, the committee on public relief, of which J. M. B. Hoxsey is chairman, was instructed to ask council to make an appropriation to pension needy and deserving widows.

The committee was also instructed to ask for an appropriation of about \$100 for the purpose of supplying school books to needy school children, and also an appropriation to provide for an assistant city warden.

The cooperation of City Warden Evans will be asked in these requests to council.

At the directors' meeting it was brought out that while the work and financial responsibility of the Associated Charities has been increasing in the last several years, city council has made but small increase in the appropriations for the aid of the charities in its work.

Others should keep children. The directors were unanimous in their belief that the city should assist the Associated Charities in no more valuable way than in making a provision for the support of needy widows who have small children dependent upon them. The directors believe that it is a great mistake to take a small child away from a good mother and put it in an institution where it is not needed.

The realization of the good influence of the mother in comparison to that of an asylum has been recognized by other cities throughout the country, and was pointed out, and they have made provision for their future citizenship by just such an appropriation as the council of Atlanta will be asked to make.

The board adopted a standing committee on hospital social service, with a view to investigating the advantages of this service, bringing the people of Atlanta to an appreciation of its value and eventually establishing it in connection with the Associated Charities.

In speaking of the need of such a service and to illustrate the work of it, Mr. Logan, superintendent of the Associated Charities, said that there were frequently cases where sick children were taken to hospital, where it was learned that they were ill from lack of the right kind of food, and after they had been cured and sent home they would again be fed in the same manner.

\$2000 Additional Needed. Ivan E. Allen, chairman of the finance committee, reported that in addition to the \$2000 emergency fund, the Associated Charities had a deficit of \$2000. He made an urgent plea for a full attendance next Thursday for the session of the board, as the finance committee would be resumed immediately on the convening of the assembly and the directors would be asked to complete its year's work. The directors discussed the situation at length and various plans were suggested for obtaining the necessary funds, but no definite action was taken.

The matter now stands in the hands of the finance committee and the board of directors. The directors, however, were of the opinion that the Associated Charities should be able to get hold of the money. Mr. Logan, however, said that he showed that on August 1, 1912, the Associated Charities had open 734 cases. During the year 25 new cases were opened, 191 old cases were closed, and 44 cases were transferred to other institutions. At present with 148 cases, of which 732 are resident cases under active treatment.

"BACK YARD" ROW ENDS IN SHOOTING

In Fuss Over Chickens, Parish Woman Shoots Neighbor, Who Will Lose Eye and Possibly Life.

Statesboro, Ga., September 19.—At Parish, a small town 15 miles from here, yesterday Mrs. Judson Howard was shot and is feared, fatally wounded by Mrs. W. M. Parish, a neighbor. Mrs. Parish used a shotgun and shot out one of Mrs. Howard's eyes and otherwise wounded her. The women were neighbors and had been unfriendly for some time, because of quarrels over their children and chickens.

Yesterday afternoon Mrs. Howard went into her yard and Mrs. Parish appeared with a shotgun and threatened to shoot her. Mrs. Howard returned to the house and when she came out with a gun Mrs. Parish shot her twice. She fell in the yard and when the shooting has been in a critical condition it was hoped to bring her to Statesboro for treatment, but her physicians say she is too badly wounded to be moved. Mrs. Parish was arrested by a patrol, but released on bond. The relatives of the wounded woman are here to have her arrested in a suit for assault with intent to murder.

Tenth Ward Is Only Section of Atlanta to Show Gain Over Last Year.

With less than 12,000 voters qualified to participate in the approaching election on September 24, interest in the charter campaign has diminished to an appreciable extent. The registration list shows only 11,120 registrations, or nearly 3,600 less than it was in 1932, when 14,719 voters paid their poll taxes and qualified for the election.

The Tenth ward is the only section of the city showing a gain. This is attributed to the annexed territory. Every other ward shows a decided falling off.

Early Closing of List.
Mayor Woodward attributes the small registration to the early closing of the registration lists by the city executive committee.

"There is no reason in the world why the lists should be closed so early," the mayor said. "It looked to me like the committee could have kept the books open longer and give all the voters a chance to get recorded. It is unfair to take such an advantage."

The mayor charges that the above statement of the executive committee is responsible for shutting more than 3,000 out of their voting privileges.

Mayor Woodward made the further announcement Friday that he is ready to plunge in a whirlwind campaign of one week against the charter which he says council is trying to foist on the people. He informed that he is willing to make speeches against the charter every night from now on until the election.

A long statement urging the voters to repudiate the charter will be issued by the mayor for publication Sunday. He stated yesterday that there shall be nothing sensational in the statement.

"I am just going to let the people have a plain statement of the facts," he said.

William H. Terrell, in a communication to The Constitution, points to several clauses in the charter which he claims interfere with successful operation of the police and fire departments. He calls attention to that section which provides that "the mayor and council shall cause the entire police force to be armed and equipped and informed as to be readily recognizable by the public."

Practical Abolishment.
Discussing this section, Mr. Terrell says: "This is seemingly a very simple provision, and apparently easily understood, but when you reflect that the city is divided into five wards, and distinguished in any way from the rest of the city, it is a practical abolishment of the police force."

He claims that the effect of this provision is to abolish the police force by putting the entire force in uniform and giving them clubs and badges."

Mr. Terrell charges that the charter, which relates to the fire department and which contains the fire department, is a practical abolishment of the fire department.

"At the present time," Mr. Terrell says, "the firemen work five days out of six, that is five days of twenty-four hours each, except one hour three times a day for going home to eat and sleep, and they each have a short vacation each year. They are not employed and his family, ready away from the engine houses at which they are stationed."

"This is not a job of firemen, but a job of firemen, and they cannot even absent themselves to go to their meals. They must cook, eat and sleep at the engine houses."

MAYOR SIGNS PERMIT FOR CASTRO'S SALOON

Woodward and Lou Are Best of Friends After a Long Conference.

Mayor Woodward, set at rest all rumors that he would veto the permit granted to Lou Castro, the former Cracker, to operate a beer saloon on Luckie street, opposite the Piedmont hotel, when he attached his signature to the ordinance approving the permit yesterday.

The mayor's action was a surprise to city hall. It was expected that he would oppose the permit for two reasons. One reason being Castro's activity against the mayor in his last majority campaign. The other reason was council's refusal to grant a permit to John Faith, one of the mayor's political friends, to operate a saloon on Alabama street, between Pryor and Central avenue.

Castro himself expected to get the "eat" from the mayor. This would have meant death to his saloon project, for had the mayor vetoed the Castro permit he would have been assisted by the prohibition element in council beyond a doubt.

It is understood that Mayor Woodward and Castro are now good friends. Lou spent nearly an hour in the executive office, talking things over with the mayor, and when he emerged he was all smiles.

"It is all right," he declared. "The mayor has certainly treated me white, and I'm for him whenever it comes to return the favor."

Mayor Woodward declared Friday that he never entertained any suspicion towards Castro because of his late political activities.

It is estimated because of the location of the saloon, the mayor said, "I did not like the idea of having a beer saloon on such a prominent street as Luckie and in the midst of several automobile garages where young men are employed. Castro has promised me that he will operate the place in a first-class manner, and I am sure that he will. He has told me that he does not propose to allow any loitering, and the place will not cater to young men."

William E. Zeuch will play big organ Sunday.

William E. Zeuch, of Chicago, one of the most noted organists of the middle west, will be the soloist at the free Sunday concert at the Auditorium-Oratory, tomorrow. He will play a program entirely different in character from anything that has been heard at this season. It is as follows:

RESINOL CURED AWFUL ITCHING

IN ONE NIGHT

Had Suffered Six or Seven Months.

New York, April 26, 1912.—The skin on my hand got red and rough and it ticked and I began to scratch it. I noticed so that sometimes I could not sleep all night. I was suffering very much. I used —salve and it didn't they did not seem to help me. Then I went on six or seven months. Then I tried Resinoid Ointment and Resinoid Soap. I used them one night. In the morning, to my surprise, my hand was all well and the trouble had never returned. This is the absolute truth. (Signed) Miss Celia Kleinman, 81 Columbia St.

Nothing we can say of Resinoid equal to what others, say as Miss Kleinman says. If it does its work quickly and easily and at little cost. If you are suffering from itching, burning skin troubles, like measles, chicken pox, dandruff, eczema, blotch, stubborn nose, or pimples, it will cost you nothing to try Resinoid Ointment and Soap. Send to Druggists, 15-17, Resinoid, Baltimore, Md., for a free sample. Sold by all druggists.

Francis Outmet, the Boston High school star golfer, tied Vardon and Ray, the English stars, for the United States open championship. They play off today.

WHIFFS
New York Star.

FRANCIS OUTMET, the Massachusetts high school star, tied Vardon and Ray, the English stars, for the United States open championship. They play off today.

Nasty Supporters.
OUTMET will have many supporters in the play off which will take place today. Everyone in the gallery at Brookline will cast their sympathies with the game.

A Difficult Task.
SEVERAL weeks before the season closed, Moulde wrote an article in which he claimed that Joe Agler was the best first baseman in the American League. The Moulde item has been in the "Bill Smith, the Atlanta pennant winner, will have to look for Agler to secure a man who will succeed Joe Agler at first base. Agler is the best first baseman in the American League during that heart-breaking Atlanta season.

Strong for Hiss.
BIRMINGHAM articles after with Atlanta articles on one subject—Hiss. They believe that he is a young star who has gone to the majors from the minors.

Will Not Stick.
THE DRAFT for Milton Scott, the fast little shortstop of the Atlanta Braves, will not stick. It is said that the National Commission will set aside the draft which has been made during July, or to be more explicit, it will be null and void.

Watch Him.
WHILE Dick Johnson and speaker have got their eyes focused on one another, the new star of the Atlanta Braves, the American League, they had been at it all the time. The Atlanta Braves player who was related to the Atlanta Braves, the American League, they had been at it all the time.

Hoisting Champ.
WILLIE RITCHIE, the Atlanta Braves champion, is being hoisted by the Atlanta Braves. He is being hoisted by the Atlanta Braves. He is being hoisted by the Atlanta Braves.

In Demand.
GEORGE STOWELL, the Atlanta Braves pitcher, is in demand. He is in demand. He is in demand. He is in demand.

Now in Charge.
WHO WILL be manager of the St. Louis Browns next season? The Atlanta Braves are in charge. They are in charge. They are in charge.

A Good Joke.
GAVY CRAYTH, the Atlanta Braves pitcher, is a good joke. He is a good joke. He is a good joke. He is a good joke.

How's This One?
WE ARE indebted to the Baseball Magazine for the following: "Gavy Crayth, the Atlanta Braves pitcher, is a good joke. He is a good joke. He is a good joke. He is a good joke."

ROME ELEVEN STARTS FOOTBALL PRACTICE
Rome, Ga. September 19.—(Special.) The football team of the Rome Athletic club started practice today under the direction of "Bubba" Corning, of last year's University of Georgia team, who has been named captain.

Ritchie v. Dundee.
New York, September 19.—Willie Ritchie, the champion light heavyweight, has been offered \$10,000 to come east and box ten rounds with Jack Dempsey at Madison Square Garden the last week in October.

Quimet, Vardon and Ray Tie for Open Golf Title; Play Off the Tie Today

Brookline, Mass., September 19.—An American youth, a strikingly earnest and of his teens—earned a niche for himself in international sporting history here today when Francis Outmet tied with England's famous professional golfer, Harry Vardon and Edward Ray, in the final round of the national open championship.

As the result of his exhibition of nerve and suffering skill as well as America's sole representative in the 14-hole three-ball medal play-off of the which exists today, Outmet, who is only 17 years of age, tied with the two English stars for the title. Outmet's performance today lifted the United States Golf Association out of the usual classification accorded an amateur, and placed him in the same class as the half dozen home-born and foreign-born professionals who are competing for the title.

When the spectators realized that this home-born amateur had tied with the two English stars, they were not slow to express their surprise. "It is a great thing for a young man of his age to do this," they said. "It is a great thing for a young man of his age to do this." They were not slow to express their surprise.

markets, as shown continued strength and activity during the past week, which with prices making new high records for the season on the reports of damage to crops from excessive rainfall in the south. December contracts were up as high as 14.40, the opening bid on Thursday morning or 12 1/2% higher above the low records of last August, and while this price seemed sufficient to attract a good deal of realizing, as well as a considerable selling for a reaction, there has been good support of comparatively moderate setbacks. Crop damage reports have been coming in from the west as western sections of the belt and private

of the September bureau and the middle of the month. This additional cause (for apprehensions of a fall crop have evidently made a considerable impression on sentiment and it was reported yesterday that trade interests were becoming more active in buying the declines.

There are many however who are not yet prepared to accept the extremely bullish view of the yield several estimates from the government authorities placing the yield as from 10 to 12 bushels per acre and buying has also been restricted by the expectation of greatly increased southern exports with the advance of the picking season.

With clearing weather, bearishly disposed traders expect a rapidly-increased

movement which they doubt the ability of the world to absorb above the 13 cent level, particularly in view of unfavorable trade conditions in some abroad. The reason for this part of some of those who anticipate ultimately higher prices, combined with the operations of traders who held more optimistic views of the crop and fear of a declining trade has held advances in check, and doubtless accounts for considerable confusion of the sentiment around the local
